Do início ao fim!

Criando uma Task para as respostas

Criando uma Task para as respostas

- Altere **lib/tasks/dev.rake**

```
desc "Adiciona perguntas e respostas"
task add_answers_and_questions: :environment do
  Subject.all.each do |subject|
    rand(5..10).times do |i|
      params = {
        question: {
          description: "#{Faker::Lorem.paragraph} #{Faker::Lorem.question}",
          subject: subject,
          answers_attributes: []
        }
      }
    end
  end
end
```

Criando uma Task para as respostas

```
rand(2..5).times do |i|
  params[:question][:answers_attributes].push(
    {description: Faker::Lorem.sentence, correct: false}
  )
end

params[:question][:answers_attributes][
  rand(params[:question][:answers_attributes].size)
] = {description: Faker::Lorem.sentence, correct: true}

Question.create!(params[:question])
end
end
end
```
