# Melhorando o show (Coin e MiningType)

Veja o exemplo...

```
<form>

  <div class="form-group">
    <%= label_tag nil, @coin.class.human_attribute_name(:description) %>
    <%= text_field_tag nil, @coin.description, class:"form-control", disabled:
true %>
  </div>
  ...
</form>

<%= link_to 'Edit', edit_coin_path(@coin), class:"btn btn-primary" %> |
<%= link_to 'Back', coins_path, class:"btn btn-primary" %>
```
