Ruby on Rails 5.x

Do início ao fim!

Altere a view...

app/views/users/registrations/new.html.erb

```
<div>
            <%= f.password field :password, placeholder:"Senha", class:"form-control" %>
          </div>
          <div>
            <%= f.password field :password confirmation, placeholder:"Confirmação da</pre>
senha", class:"form-control" %>
          </div>
          <div>
            <%= f.submit "Entrar", class:"btn btn-default submit", style:"float: none;</pre>
margin-left: 0px; width: 70%;" %>
          </div>
```

Verifique como identificar os erros no cadastro...
 https://github.com/plataformatec/devise/wiki/Ov erride-devise_error_messages!-for-views

Altere o layout...

app/views/layouts/user_devise.html.erb
