Ruby on Rails 5.x

Do início ao fim!

Altere o controller...
 app/controllers/site/answer_controller.rb

```
def question
  @answer = Answer.find(params[:answer_id])
end
```

Altere a view...
 app/views/site/answer/question.html.erb

```
<% if @answer.correct %>
  <h1 style="color: green;">Você ACERTOU! \o/</h1>
<% else %>
  <h1 style="color: red;">Você ERROU! :(</h1>
<% end %>
```

Altere a partial...
 app/views/site/shared/_questions.html.erb

```
<label>
  <%= radio_button_tag 'answer_id', answer.id %>
  <%= answer.description %>
</label>
```
