Refatorando o AdminStatistic

Refatorando o AdminStatistic

- Altere o model...
  time_to_answer/app/models/admin_statistic.rb

```ruby
# Scopes
scope :total_users, -> {
  find_by_event(EVENTS[:total_users]).value
}

scope :total_questions, -> {
  find_by_event(EVENTS[:total_questions]).value
}
```

Refatorando o AdminStatistic

- Altere o controller...
time_to_answer/app/controllers/admins_backoffice /welcome_controller.rb

```
def index
  @total_users = AdminStatistic.total_users
  @total_questions = AdminStatistic.total_questions
end
```
