Ruby on Rails 5.x

Do início ao fim!

Refatorando o UserStatistic

Refatorando o UserStatistic

- A verdade sobre o **user_signed_in?**

```
https://stackoverflow.com/questions/34042117/devise-rails-cu
rrent-user-vs-user-signed-in
```

```
https://github.com/plataformatec/devise/blob/e33d285e4ae2130
fe9acd00ef60782ae8bee6ad9/lib/devise/controllers/helpers.rb#
L119
```

Refatorando o UserStatistic

- Ajuste o controller…
  app/controllers/site/answer_controller.rb

```ruby
def question
  @answer = Answer.find(params[:answer_id])
  UserStatistic.set_statistic(@answer, current_user)
end
```

Refatorando o UserStatistic

- Ajuste o model... **time_to_answer/app/models/user_statistic.rb**

```
# Class Methods
def self.set_statistic(answer, current_user)
  if !!current_user
    user_statistic = UserStatistic.find_or_create_by(user: current_user)
    answer.correct? ? user_statistic.right_questions += 1 :
user_statistic.wrong_questions += 1
    user_statistic.save
  end
end
```
